# SIGNSMART

SIGNS AND LABELS FOR YOUR WORKPLACE

# PRODUCT GUIDE

## WHO IS SIGNSMART AND WHAT DO WE DO?

Signsmart have been supplying signage and labels since the early 90's. Whilst most people will identify with the 'standard' signage and labels, such as stop signs and hazardous labels that we do, the thing that surprises most people is that 90% of what we do is custom made for our valued customers.

The team at Signsmart are enthusiastic about ensuring that our customers get the right sign or label for their needs. Our products can be manufactured on a wide variety of materials and our design team can help you achieve the look you require.

So, we here at Signsmart look forward to hearing from you and assisting you with all your requirements.

When our customers ask CAN YOU DO? In almost every case we answer YES WE CAN!

### Why choose Signsmart?

#### Friendly personalised service

- No matter what your signage or label requirements are, we're here to help
- Call us and we'll provide the right solution for your requirements

#### Fast turnaround

- Our manufacturing lead times are amongst the best in the industry

#### National coverage

- We can ship to anywhere in Australia

#### Flexible

- Urgent requirement?
  - Call us, we pride ourselves on our ability to meet our customers requirements

Remember, whatever your signage  
and labels needs are, call us on  
**(03) 9687 3050**  
or visit our website  
[www.signsmart.com.au](http://www.signsmart.com.au)

## HAZCHEM, LABELS & EMERGENCY INFORMATION PANELS

Emergency information panels are used to identify hazardous substances and advise of specialist advice or courses of action in case of emergency. There are two types, designed for either storage or transport purposes.

Each emergency information panel includes the substance's name, dangerous goods diamond symbol, UN number and HAZCHEM reference. Transport panels also include emergency and specialist advice information.

### TRANSPORT :

HAZ-1  
800x600 / 400x300  
Metal or Self Adhesive

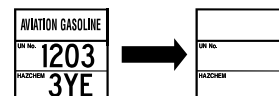

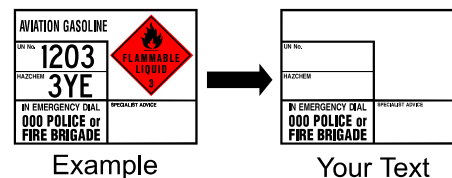

HAZ-3  
405x395  
Metal or Polyprop

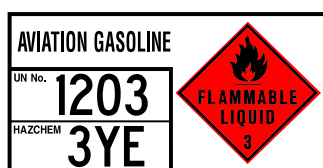

Specify your required information on blank template.

Include Chemical Name, UN number, Hazchem code, Class diamond and specialist advice.

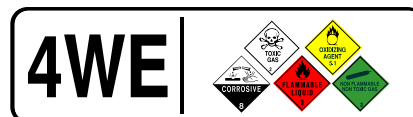

EIP sizes - 800x600 / 400x300  
Transport size - 400x400

### STORAGE :

HAZ-2  
800x400  
Metal or Self Adhesive

HAZ-4  
600x150  
Metal or Self Adhesive

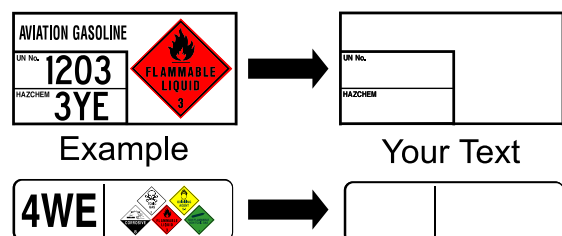

HAZ-6  
600x150  
Metal or Self Adhesive

Specify your required information on blank template.

Include Chemical Name, UN number, Hazchem code, and Class diamond.

Storage EIP size - 800x400  
Storage Haz size - 600x150

Call our team on (03) 9687 3050 to discuss adapting any of our standard signs, or creating a custom sign based on your specific requirements

# HAZCHEM, LABELS & EMERGENCY INFORMATION PANELS

## CLASS DIAMONDS :

Dangerous goods diamond signs are hazard signs used for areas where dangerous goods are transported or may be stored.

**Standard Sizes Available :**  
270x270 - Metal  
250x250 - Self Adhesive

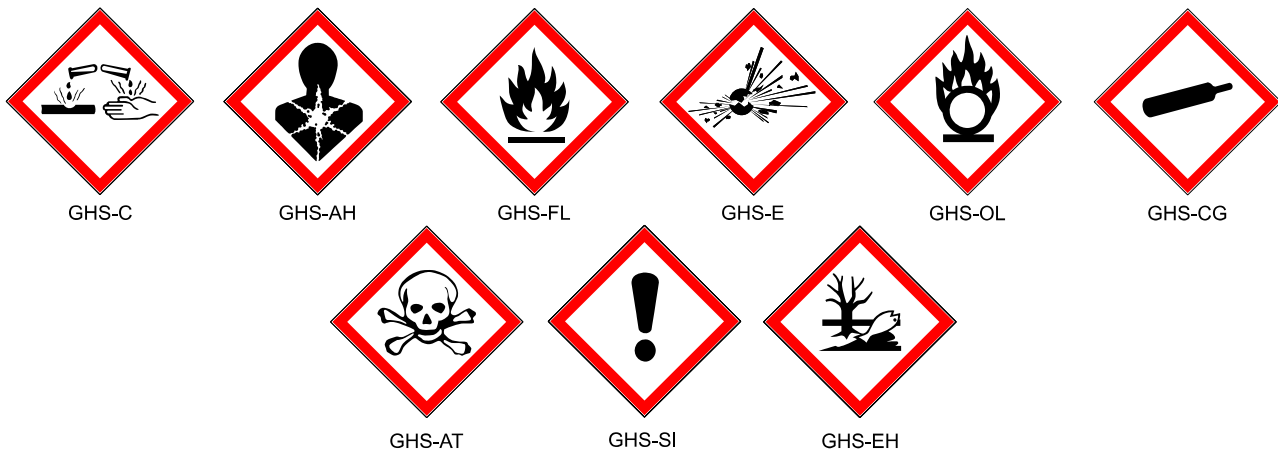

**Class Diamond Label Rolls:**  
100x100 - (rolls of 500)  
50x50 - (rolls of 500)  
20x20 - (rolls of 500)

## GHS:

The Globally Harmonised System of Classification and Labelling of Chemicals (GHS), is a comprehensive tool that harmonises chemical classification and hazard communication through labelling and Safety Data Sheets (SDS).

**GHS Diamond Label Rolls**  
100x100 / 50x50 / 20x20

Applications: Electricity supply circuits.

Exclusions: Extra-low voltage circuits

## OTHER SERVICES

In addition to our custom and standard signage, Signsmart also offer the following products and services to help offer a total solution to your specific requirements:

### DIGITAL PRINTING

For more detailed artwork and high resolution pictures. All digital printing is printed on a permanent block out material, using environmentally friendly inks.

### SECURITY SIGNS

Security signs will warn of controls and measures put in place to secure a building or area. Provides a visual deterrent and a visible warning to thieves, shoplifters, and vandals. Used in areas where covert cameras are not easily visible, they form an integral part of your security system whilst reassuring customers, visitors and employees

### BANNERS

Custom made banners based on your size, colour and message requirements. Corporate logos can easily be incorporated into design. All banners come with eyelets for ease of installation.

### VEHICLE SERVICE STICKERS

Custom made to your requirements. Mechanical service or service due stickers are usually applied when servicing a vehicle or machinery. Service due stickers are perfect for transport operators, fleet management and hire companies.

CUSTOMER'S NAME HERE

										WORKSHOP

### WINDOW / TEXT ONLY LETTERING

Text only decals and lettering are supplied pre adhered to application tape, for ease of installation. Uses include retail windows, fire and electrical services, racking locations and company logos.

### CONTAINER NUMBERS AND DECALS

Custom container numbers, container weight lettering and range of safety decals to show important information for storage and transportation. Each marking provides information to all entities relating to the monitoring and safety of the container and cargo during its carriage.

### A FRAMES AND SWING STANDS

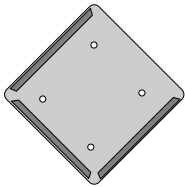

Convenient, portable and lightweight, perfect for roadside signage or when a portable sign is required. Standard sizes 600x600 swing stand, 450x600 A frame, 600x900 A frame.

### CLASS DIAMOND PLACARD HOLDERS

Metal holder to suit Class Diamonds. Pre-punched holes for fixing to vehicles or buildings. Usually fitted to front and rear of vehicle carrying or storing dangerous goods.

Dangerous goods must be clearly identified and labelled while being transported or stored in a facility and provide visual information on DG classes to emergency services personnel in the event of an emergency.
